

# FEED4FOOD promotes a shift to sustainable, inclusive, healthy city food systems

**feed4food.eu**

FEED4FOOD project, Grant Agreement n° 101069506, has been funded by:  
Research and Innovation Foundation (Cyprus), Dutch Research Council (Netherlands) General Secretariat for Research and Innovation (Greece),  
UE Fiscdi (Romania) under the Driving Urban Transitions Partnership, which has been co-funded by the European Union.

## THE LIVING LABS

### THE CHALLENGE

- Unsustainable urban food systems
- Social exclusion of vulnerable groups
- Climate and resource stress- Food waste and mismatched supply-demand

### THE SOLUTION

#### Strovolos (Cyprus)

- Urban farm in park
- Compost, drought crops
- Elderly & low-income inclusion

#### Drama (Greece)

- City & home gardens
- Local seed varieties
- Women & youth focus

#### Bucharest (Romania)

- Match production to demand
- Reduce overproduction
- Data & policy insights

### EXPECTED RESULTS

- Empowered communities
- Capacity building & food literacy
- Reduced waste & emissions
- Policy innovation for sustainable cities

## DASHBOARD DATA ANALYSIS

### THE CHALLENGE

- Learning lessons within and between living labs

### THE SOLUTION

#### Amsterdam (The Netherlands)

- Multi-layered dashboard for stakeholders at different levels

### EXPECTED RESULTS

- Feasibility on long term
- Best practices being used
